¹ Most health insurance funds reimburse clients for psychological counselling services. Contact your fund to determine whether and how much they reimburse. If you are entitled to some reimbursement, the invoice/receipt you receive at the session is sufficient for the fund. If sessions are part of a **General Practitioner's Mental Health Treatment Plan** or **Psychiatrist's Assessment and Management Plan**, there is a generous rebate available through Medicare. In these cases you only claim EITHER through your health fund or Medicare. (Although the Australian Psychological Society's Recommended Fee for consultations is \$212, I maintain my clinical fee under their guidelines).

² Individual contracts developed, & fees negotiated for, *Probationary* Psychologists.

³ Due to the particular nature of workshops, medico-legal services and psychological assessment, the fee shown is only a guide. **(Fees effective July 1, 2010)**
